

2.) Please delete on page 7, the third paragraph beginning with “As discussed above...” and ending with “...product satisfaction”, and replace with the following paragraph:

“As discussed above, the removably provided support piece 17 along with the support pad ~~[[3]]~~ 43 embedded between surfaces of the shoe prevents an unwanted ankle movement or twisting during club swing, thereby improving club swing accuracy and maximizing product satisfaction.”

REMARKS

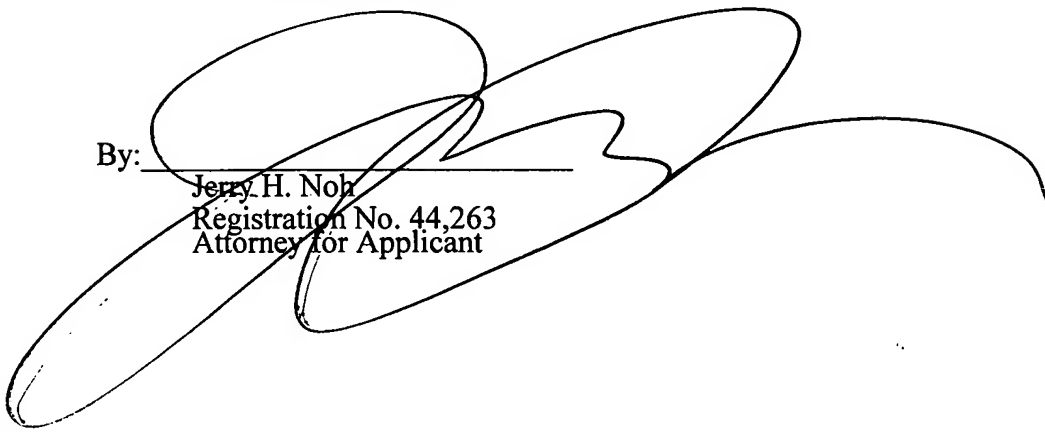

Applicant has listed only the elected species claims 1 through 5 in the amendment to claims. Claims 1, 2, and 3 have been canceled. Claim 4 has been rewritten to include the limitations as suggested by the examiner to be allowable. Claim 5 now depends from an allowable rewritten claim 4, and as such, is now allowable.

The application is now in condition for allowance.
